

Validation Phase 4: Chat History Isolation & Multi-User Partitioning

Objective: Verify that chat conversations are strictly separated between users.

Step 1: Log in as officer_1 / officer_1. Go to 🖱️ **Search & Retrieval**.

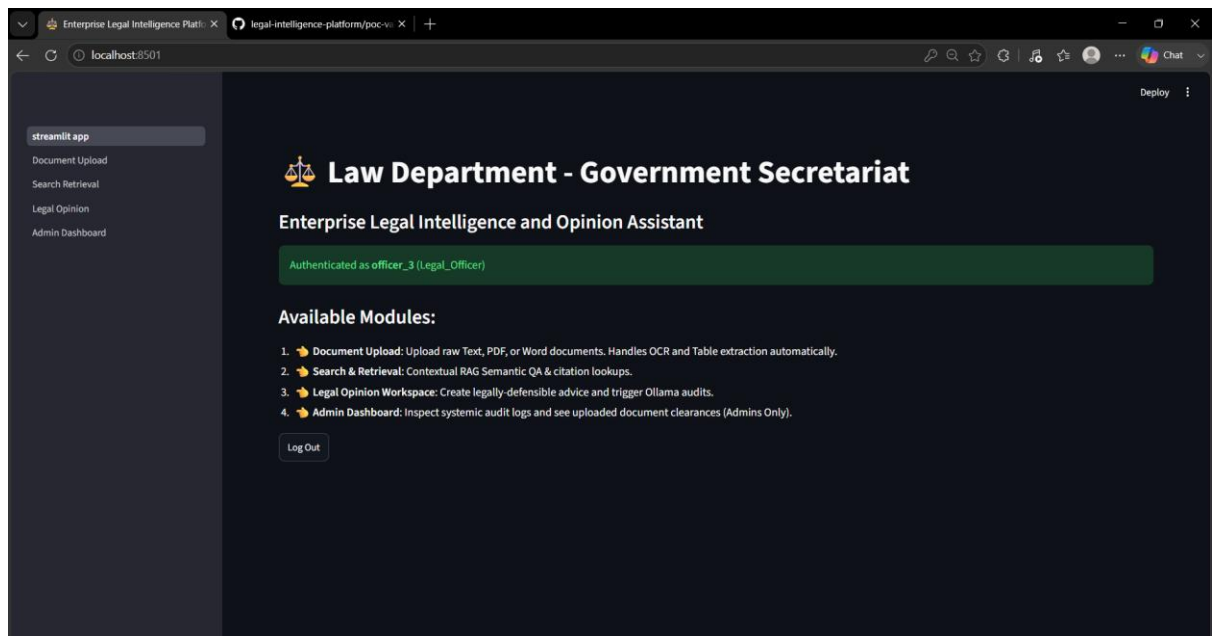

Step 2: Check the Chat History.

Step 3: Click **Log Out**.

Step 4: Log in as officer_3 / officer_3.

Step 5: Go to 🖱️ **Search & Retrieval**.

- **Expected Result:** The workspace is loaded with officer_3 chat history. The sidebar does not list officer_1's previous chat history.
